

Hip Hop Dance Class - Grades 1 - 4

Come have fun learning hip hop moves and combinations that will prepare us for our PERFORMANCE at Fine Arts night at the end of the year!

Join Ms. Allen in learning the basics of hip hop. Hip hop takes traditional African and Caribbean movements mixed with musical theater and street styles, to form an awesome form of artistic expression.

We will build upon basic qualities of dance movement such as isolations, kicks, side-ways shuffling, popping, leaps, and improvisation. We will end every class with yoga.

Fall Session ends in December but come back in January to learn and practice our routine, which will be performed at Fine Arts Night in April!
