**2015-2016 St. Michael's School  
2nd, 3rd, 4th, and 5th Grade iPad Contract**

Every 2nd, 3rd, 4th, and 5th Grade student will be issued a 16GB iPad for use in the classroom. The iPad will always remain the property of the school and used under the following requirements.

**Academics:** It will be up to the teacher's discretion how often and in what ways the iPads will be used. Homework will *not* be completed on the iPads because the iPads will remain at school at all times.

**Usage:** The technology department can add and remove restrictions using Apple Configurator and Cisco Meraki Mobile Device Management. iPads can be restricted from things such as taking pictures or video, accessing particular web content while on campus, and using Facetime unless the technology department removes these restrictions as teachers deem necessary for particular assignments. Teachers will monitor iPad usage during class. iPads may not be used at school during recess or lunch or before or after school unless under teacher supervision.

**Apps:** The school will check out apps to students using the mobile device management program. This means that all content on the iPads will be controlled by the school. Students will not be able to add their own apps or music. All content on the iPads will be school-related.

**Storage & Charging:** iPads are to be stored and charged in the classroom safe when not in use.

**Passcode & Lock Screen:** Students must keep their iPads protected with a 4-digit or text passcode. Students must not share nor attempt to learn each other's passcodes. Students must keep the original St. Michael's lock screen that identifies them by name.

**Loss and Damage:** Each student is responsible for his or her iPad. **Physical damage to the iPad will be charged to the student on the school's monthly billing.** In the event of such damage, the unit will be repaired at the student's cost, not to exceed \$120 for damage.

**iPad Cases:** Cases will be provided by the school.
