

On our way to 2nd grade! Summer Reading List

Here is a list of titles/authors that is appropriate for beginning second graders. As you know, each child's reading level develops at different rates. Some of these titles or authors may seem too easy or too difficult for your child. If your child picks a book you think may be too hard, have him/her read a full page aloud to you. If there are five or more mistakes while reading, the book is probably too challenging. If there are less than five errors, the book should be appropriate. Please encourage your child to read this summer by choosing books that they are interested in, and enjoy. While we are practicing our skills, we are also encouraging the development of a lifelong love of reading!
