

June 2023

Dear Third Grade Students and Parents,

We are excited and happy to welcome you to third grade and our classrooms. We are looking forward to getting to know each and every one of you. We know it will be a great year!

Spreading out summer work provides routine and flexibility when needed. Students should read daily and record all books on their reading log as soon as they finish a book. They should also work in their summer math packet every week. The reading list and math packet can be found on the school's website, www.stmichael.net under "Summer Work 2023". Additionally, frequent review of basic addition and subtraction facts during summer will sustain and even improve students' facts fluency.

Required reading of *Clementine* by Sara Pennypacker should be completed shortly before the first day of school. Students will need their own copy the first week or two of school.

The first day of school is Friday, August 11th. Regular school hours for third grade are 8:00AM to 3:10PM.

We will see you on August 11th!

Sincerely,
Your Third Grade Teachers
