

May 31, 2024

Dear St. Michael's Parents and Families,

Happy summer!

Thank you very much to all of our families for supporting our year-end activities and for celebrating with us! We are busy already in preparation for the coming academic year in August. As part of the first phase of campus improvements, installation of central air conditioning began in earnest this week for the 4th and 5th grade classrooms. I look forward to sending a more comprehensive review of our summer progress and a look ahead to the strategic initiatives we are committed to for 2024-2025.

This email, the first of three mailings for the summer, provides links for families to access the content listed below through the School website, including (1) information for families attending the **Summer at St. Michael's** program, (2) the **Academic Calendar for 2024-2025**, and (3) the list of **required summer academic work** for all rising students by grade.

The second and third mailing will both be sent on Friday, July 12. The second mailing will include information regarding the start of the 2024-2025 year and the corresponding 2024-2025 registration documents and forms sent through DocuSign; the third mailing will include the forms for our Aftercare Program, also sent through DocuSign.

Please note that the School office will be open throughout the summer months, from Tuesday, May 28, through Friday, August 2, from 9:00 a.m. to 2:00 p.m. Regular School office hours, 8:00 a.m. to 4:00 p.m., will resume Monday, August 5.

For this first email, please note the contents and links listed below:
